

HOPPER TOTES

Hoover CS Hopper Totes allow manufacturers to store viscous products with greater efficiency. Using the same construction and square design as the standard Hoover CS IBC, but with the addition of a 45-degree sloped bottom, we engineered this IBC specifically for medium viscosity products.

Available in 165-gallon (625 liter), 275-gallon (1,041 liter), and 475-gallon (1,798 liter).

ABOUT HOOVER CS

We are paving the way for companies across the chemical, refining and general industrial-end markets to move away from single-use containers. Through our large rental fleet of reusable liquid and dry IBCs and ISO tanks, combined with integrity management and fleet management services, our sustainable packaging solutions facilitate circularity across the supply chain, yielding an optimized environmental footprint through reduced plastic, water conservation, and lower greenhouse gas emissions.
