

WINE IBCs

Hoover CS stainless-steel Wine Intermediate Bulk Containers (IBCs) are the ideal solution for environmentally responsible wine, juice, and spirits handling. Designed specifically for the wine industry, the Hoover CS Wine IBC is the most versatile and reliable IBC for distilling, blending, flavoring, fermenting, storing, and transporting beverages. This is a non-UN-certified IBC.

Available in 126-gallon (477 liter), 250-gallon (946 liter), 350-gallon (1,325 liter), 550-gallon (2,082 liter), and 793-gallon (3,001 liter).

793 gal (3001 l)	54" (1372 mm)	54" (1372 mm)	77.75" (1975 mm)	823 lbs (373 kg)	13,456 lbs (6103 kg)	Side	380741

APPLICATIONS

- Wine, juices, spirits, alcohol, and beer
- Flavorings and seasonings
- Distilling and blending
- Fermentation and storage
- Food and beverage preparations

AVAILABLE CUSTOMIZATIONS

- Sampling valve
- Racking port
- Rectangular side door
- Thermowell
- Sanitary butterfly valve
- Food-grade interior weld finishes
- Cooling jackets for temperature control

AVAILABLE SERVICES

- Interior and exterior wash
- Restoration and repair
- Recertification

FLEET MANAGEMENT VIA FLEETAI™

- Tanks availability
- Asset tracking
- Level monitoring
- Document storage
- Analytical reporting

ENVIRONMENTAL IMPACT

Our reusable packaging supports the following United Nations' Sustainable Development Goals:

ABOUT HOOVER CS

We are paving the way for companies across the chemical, refining and general industrial-end markets to move away from single-use containers. Through our large rental fleet of reusable liquid and dry IBCs and ISO tanks, combined with integrity management and fleet management services, our sustainable packaging solutions facilitate circularity across the supply chain, yielding an optimized environmental footprint through reduced plastic, water conservation, and lower greenhouse gas emissions.
