

87FT³ (2.46M³) CATALYST BIN

Hoover CS Catalyst Bins provide a sustainable packaging solution for the handling of fresh, spent, and presulfided catalysts within the petroleum refining, gas processing, and petrochemical manufacturing industries. We enable refiners to unload their catalyst in an efficient and safe way compared to other packaging, optimizing turnaround costs. Our Catalyst Bins are designed, manufactured, and certified to deliver excellent performance dependability, ensure customer safety, and satisfy regulatory requirements.

SPECIFICATIONS

- 9" x 22" (229 x 559 mm) bottom slide gate opening
- 18" (457 mm) top lid opening diameter
- Two (2) ½" (12.7 mm) NPTs on top deck & one (1) ½" (12.7 mm) NPT purge plug on bottom cone

CLASSIFICATIONS

- UN 11 A/X & A/Y
- UN PG I, II & III

FEATURES

- 10-gauge (3.2 mm) carbon steel or stainless-steel construction
- Four-way entry for forklifts
- Lifting lugs for movements by crane
- Two (2) off-center turning cam bar mechanisms for secure closure
- Labels & markings for unit, weight & hazard identification (on request)
- Hermetic seal for an airtight packaging environment
- Stackable
- Weatherproof
- 100% mechanical handling

DIMENSIONS

NOMINAL CAPACITY	NOMINAL DEPTH	NOMINAL WIDTH	NOMINAL HEIGHT	TARE WEIGHT	RATED GROSS WEIGHT
87FT ³	44"	52"	~ 85"	~ 950 lbs	7,700 lbs
2.46M ³	1,118 mm	1,321 mm	~ 2,159 mm	~ 431 kg	3,493 kg

TRANSPORTATION & LOGISTICS

- Repackaging catalyst or support materials from supersacks & drums into Catalyst Bins for pre-staged turnarounds
- Transport of fresh and/or spent catalyst to your refinery or designated processing facility
- International or local door-to-door transport via road, rail & sea
- Assistance with shipping documentation and regulatory notifications
- Tracking of all shipments to destination accessible via customer online portal
- On site management of fresh and spent catalysts
- Provide detailed reports on Catalyst Bins, units, transport, and destination of spent catalyst
- Provide labels, placards, and special supplies as needed
- Schedule, deliver, and return clean & empty Catalyst Bins

ENVIRONMENTAL IMPACT

Our reusable packaging supports the following United Nations' Sustainable Development Goals:

ABOUT HOOVER CS

We are paving the way for companies across the chemical, refining and general industrial-end markets to move away from single-use containers. Through our large rental fleet of reusable liquid and dry IBCs and ISO tanks, combined with integrity management and fleet management services, our sustainable packaging solutions facilitate circularity across the supply chain, yielding an optimized environmental footprint through reduced plastic, water conservation, and lower greenhouse gas emissions.
